

Your DEC donation reference is: XXXX-XXXXXXX for £500.00

(This email may also act as a receipt)

Dear Mike,

We wanted to write to you today for many reasons, because this is about letting everyone affected by the devastating earthquake in Nepal, who are receiving help and support because of you, say thank you.

DEC Member agencies are on the ground right now, helping to provide aid and support to all those affected. We're busy dealing with the response but as soon as we can we'd like to start letting everyone know about the people we're helping so stay tuned to our website and please watch out for e-mails if you have subscribed.

Even if you feel your generosity does not need to be thanked, we just want to say that your donation today will go a long way to changing someone's life, maybe even saving it, so we just wanted to say thank you one more time for helping make a difference.

Thank you

We also urge you to stay in touch by liking us on Facebook and following us on Twitter via the links below.
